MAMAGREEN
collections 2019

A photograph of a wooden deck with a striped chair and a gravel border. The deck is made of dark brown wooden planks. In the bottom left corner, there is a chair with a colorful striped seat cushion in shades of orange, yellow, and red. A white gravel border runs along the edge of the deck. The background is a plain, light-colored wall.

Welcome to the MAMAGREEN 2019 collections!

This year Mamagreen opted to have all collections consolidated into one comprehensive catalog. Following suggestions, we integrated our Sombrero shade pieces and the Industrial furniture lines within the Mamagreen collection.

MAMAGREEN making a difference in outdoor design

Hospitality - Commercial - Residential

MAMAGREEN was founded in 2007 by Belgian designer Vincent Cantaert. The brand exemplifies a luxurious casual lifestyle, where mind and body relax. Constantly evolving collections are developed to highly exacting standards, for maximum comfort and performance.

Designed to last in any outdoor environment, MAMAGREEN furniture is manufactured using a majority recycled or recyclable materials. More than 90% of the teak is carefully sourced from abandoned buildings, with the remainder coming from strictly managed plantations. Selecting MAMAGREEN is making a conscious choice for style combined with durability.

Available worldwide, MAMAGREEN has its U.S. showroom in Chicago, and warehouse in Richmond, VA, with dedicated partners in Australia, Germany, Switzerland, Mexico and Turkey. MAMAGREEN's design studio and manufacturing are organized under one roof in Indonesia, ensuring the best customer service and quality control.

To reduce leadtimes MAMAGREEN offers a balanced Fast program: a full range of furniture in assorted styles and functions, replenished continuously. MAMAGREEN's Design program, containing more than 700 items, with thousands of options, can easily be customized and used in commercial or residential projects.

Product concept, manufacturing process and materials selection all have the same goal: creating contemporary outdoor furniture, made to last in any outdoor environment – 100% outdoor. Mamagreen furniture is used in residential and commercial projects globally and in vastly different climates from the cold in Toronto and Zurich to the heat in Houston and Sydney to properties on the open ocean.

Team

YOUR

design

Custom made Easy

Working daily with the design industry, we understand the uniqueness of each project. Mamagreen offers furniture for outdoor spaces and functions in a variety of styles, materials and colors. Supported by several easy to use tools such as photography, 2D / 3D drawings, tear sheets, and material samples, our well-trained technical department can create renderings, provide yardage and other material information. With access to a back catalog of more than 10 years, our customer service team can support balancing budget, install date, function and style.

The following are some specific requests for projects we have worked on during the years:

- Furniture developed for customers with special needs / ADA compliant
- Sectionals shaped to fit the form of a boat-deck
- Tailor-fit protective covers
- COM fabrics for specific design requirements
- Floor bolting for public/very high wind areas
- Furniture with increased weight for roof top use or cliff resorts
- Specific material requirements for extreme environments such as cruise ships / yachts

AIKO4 AIKO MULTIFIT OTTOMAN
AIKO1 AIKO DEEP MODULE ARMLESS
AIKO2 AIKO COMFORT MODULE ARMLESS
AIKO7 AIKO MULTIFIT TABLE - see page 12

AIKO LOUNGE modules can accommodate 2 to 20 people. There are endless options, to match the required level of laziness and relaxation. The base is 85 x 110 cm, and can be used in either deep-seating or comfort mode. The standard version has an armrest option and 3 choices of modular ottomans for corner pieces. Very practical rolling side tables are available in 2 dimensions, plus a versatile coffee table, that can also be used as either a corner or end component. The AIKO chaise is a stand alone lounger, can become a double daybed or may be included in any modular combinations. Sofa, L or U-shape configurations are all possibilities.

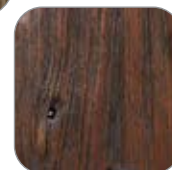

The upcycled teak matrix base highlights both naturally occurring, and handcrafted distress marks. The Drift-Look incorporates Original or Espresso finishing, and is assembled using traditional box-joints, crafted specifically for robust performance. Stunning Italian High Pressure Laminate (HPL) forms the back of the base, offered in either Alpes White or Slate. Upholstery is from the high density, easy maintenance Sailcloth fabric range, manufactured by best-in-class outdoor textile specialists, Sunbrella: choose from Shadow, Sailor or Seagull Grey. The signature collection feature is a gorgeously thick bolster, providing optimal ergonomic support, and facilitating ultimate comfort in informal lounging.

CUSHION

MAMAGREEN 100% OUTDOOR

MAMAGREEN designer-quality cushions have outstanding weather-resistancy. Every detail is best in class, from the anti-bacterial, quick drying foam core, lining, zipper and even sewing thread. The QuickDryFoam® core, combined with excellent water, UV and stain resistant covers and outstanding attention to construction, ensures long lasting cushions that can be used again shortly after rain. Lounge outside, worry free.

PROTECTIVE COVERS

MAMAGREEN 100% OUTDOOR

Enabling your indoor lifestyle; to move outside

We offer protective covers for all furniture, either tailor-made for single pieces, or for whole configurations.

PREMIUM winter-ready covers

All weather solutions, effective for precipitation rates of up to 15mm/hour

- SURLAST® textile, made in the USA by Glen Raven
- 100% solution dyed polyester
- Heavy duty 235 gr/m² - 7 oz/yd²
- A special water-repelling inside cover for sewing seams
- High frost, water, mold and mildew resistance
- Suitable for use with all MAMAGREEN textiles/materials

*** When used for extended periods of time, ensure that the furniture is dry and clean before using the protective cover, and always air furniture regularly.*
